RECOMMENDED MOTION

I move to direct staff to award this bid to the low bidder, Eagle Environmental Products Inc., at the proposed price as recommended by the Parks Supervisor/Interim Director and the Town Engineer.

SUMMARY OF THE BASIS FOR RECOMMENDED MOTION:

This is a routine bid award for materials specified by the project design engineer in the Rumsey Park softball field development plans. The erosion control fabric is specified for the protection of the newly constructed synthetic turf softball fields from potential storm damage. The acquisition of this material was part of the original project budget and will be funded by the project development funds remaining in the original project budget.

PROS:

- Awarding this bid will allow Town crews to move forward with the final development procedures pertaining to the grading and drainage aspect of the project.
- Installation of the erosion control fabric will protect the fields from future erosion damage.
