MEMO

TO: Mayor and Council

THROUGH: Fred Carpenter, Town Manager

FROM:  Jerry Owen, Community Development Director

DATE: March 15, 2007

SUBJECT: Ordinance 707 - P-332-06; 203, 215, 217 & 219 W. Aero Dr. and 116 W. Cedar Lane Rezone

The owners of the above listed properties are requesting the rezoning of their parcels on W. Aero Drive and W. Cedar Lane in the Green Valley Redevelopment Area (GVRA) from R-3-MH to C-3 to allow for current and future development. The Pierce's intend to mitigate the blighted conditions which now exist on their property in order to begin commercial development. The Miller's currently operate a commercial business, Aero Well Drilling, which would be better suited by C-3 zoning. Mrs. Gaskill understands that any change in use of her property, currently residential, would trigger conditions as set forth by the P&Z Commission. The Planning and Zoning Commission reviewed this request on February 12, 2007 and unanimously recommended approval to the Town Council. There has been no citizen opposition to this request. Attached is the complete Planning and Zoning Commission staff report for your review.

Conditions for P-332-06 (West Aero Drive)

As recommended by the Planning & Zoning Commission 2-12-07

1. Development on the property shall be in conformance with the site plan as submitted.
2. Any future development on the properties located at 203 West Aero Drive, 219 West Aero Drive, and 116 West Cedar Lane shall submit site and development plans to the Planning and Zoning Commission for approval prior to obtaining any building permits.
3. Development at 215 and 217 West Aero Drive shall provide screening at the south property line adjacent to the residential zoned district in the form of a 6 foot high solid masonry wall.
4. Development at 215 and 217 West Aero Drive shall be subject to Design Review requirements including, but not limited to: architectural character, a landscape plan, fences and walls, building materials and colors, lighting, parking and pedestrian systems.
5. All vehicular traffic must exit 215 and 217 West Aero Drive in a forward motion.

Staff Report Planning and Zoning Commission

Project Title: Zoning Change from R3-MH to C-3 **P-332-06**

Planning & Zoning Commission Meeting Date: February 12, 2007

Description:

Location: 203, 215, 217 & 219 W. Aero Drive and 116 W. Cedar Lane
Site size: Various
Current Zoning: R3-MH
Lot sizes: Various
No. of homes: N/A
Estimated cost of homes: N/A

Applicants:

1. Dennis and Marjorie Pierce 215 & 217 W. Aero Drive
2. Bernice F. Gaskill 219 W. Aero Drive
3. Christopher T. and Roberta K. Miller 203 W. Aero Drive and 116 W. Cedar Lane

Action Requested: Zone change request from R3-MH to C-3 for properties located at 203, 215, 217 & 219 W. Aero Drive and 116 W. Cedar Lane, Gila County Tax Parcel numbers 304-17-139, 304-17-140, 304-17-141, 304-17-123A, 304-17-123B, 304-17-127.

Neighborhood Involvement

A Citizens Participation Meeting was held on Friday, November 10, 2006. According to the Citizens Participation Report, 6 citizens attended the meeting.

General comments/inquiries included the following:

1. Judy Hegrenes: Is there a time limit in which an owner must convert to a commercial use if the zone change is approved? Mrs. Hegrenes is also interested in the possible rezone of her property (117 W. Cedar Lane)
 - a. She was told that there was no time limit on that conversion
2. Doug and Marty Meadows: Their concern was mostly regarding Bernice Gaskill's property. They wanted to be assured that she will not have to move nor will her taxes increase unless the use of the property changes.
 - a. They were assured that neither would happen

Community Benefits

The Pierces would like to renovate and clean up unsightly properties. If zoned C-3 they plan to remove the mobile home on Lot #30 and clean up all the debris. Lot #29, Cars Auto Collision, Inc. will be cleaned up and all of the wrecking yard vehicles removed. The renovated properties, the new building and the adherence to the Design Review standards will be a great improvement on these properties.

Community Development & Engineering Assessment

Compatibility with adjacent zoning districts: Compatible.

Drainage: As a Special Plan District, properties that lie within the Green Valley Redevelopment Area benefit from more flexible requirements. The Town is allowing the Pierces to use a portion of Town right of way for their detention needs.

General Plan Conformance: This action conforms to the General Plan (See Analysis).

Fire Safety: Meets requirements.

Water:

1. Source - Town of Payson
2. Estimated Usage - Will be determined upon commercial use when developed.

Analysis

The Payson General Plan Update was approved by the voters and became effective January 2003. In the Land Use Plan, most of the Green Valley Redevelopment area is designated as either High Density Residential or Commercial. There is only one small "Node" which is designated as Employment. This Node is the area in which the above properties lie. It is surrounded by Commercial designation.

From the Green Valley Redevelopment Plan (Pages 13 and 14)

Almost 1/5 of the redevelopment area is currently allocated for heavy commercial or industrial use. Heavy commercial use is dispersed throughout the area.

While some zoning allows for a high density of residential development, the actual development is not nearly as high as what is permitted. Under the current zoning, we could have over 1500 residential units in the Residential zoned areas only. Some areas which are zoned for C1 commercial have developed as single family residential.

The basic objective of zoning regulations is to ensure some level of compatibility. As a result of the above, the redevelopment area has residential and heavy commercial uses adjacent to one another with little buffering requirements to ameliorate intrusions. Allowable land uses and compatibility are major issues.

There have been a total of 19 zoning actions which affected the Green Valley Redevelopment Area since the time of Payson's incorporation. Eight of those zoning changes were hard zoning which changed CU and C2 zoning to C3, C2, C1 and M1 zoning. These zoning actions, for the most part, affected that area between Aero Drive and Phoenix Street. Each of these applications increased the intensity of allowable development. The primary impact of these zoning actions was to whittle away at High Density Residential zoned areas by replacing them with commercial zoning.

The above properties lie in that area between Aero Drive and Phoenix St. These properties are a portion of a small cluster of properties that are still zoned R3-MH which allows for multi-family dwellings as well as mobile homes. These properties are contiguous with C3 zoning on the north, east and west with natural separation provided to the south by a 16' public alley and W. Cedar Lane.

Mr. & Mrs. Pierce are requesting the zone change to facilitate commercial development and in the process mitigate a somewhat blighted condition on their property. Mr. Miller is currently operating a commercial well drilling business as legal non-conforming. This action would bring his property into zoning conformance. Mrs. Gaskill is currently residing on her property as a single family residence. Staff felt due to the immediate proximity of her property to the Pierce's, as well as the natural separation provided by the public alley to the south, it would be wise to rezone this property at this time with conditions for any change of use development in the future.

The request for a zone change for the above properties conforms to the General Plan Land Use Plan as well as the Green Valley Redevelopment Plan.

Staff Recommendation

Recommendation: Approval with conditions listed below.

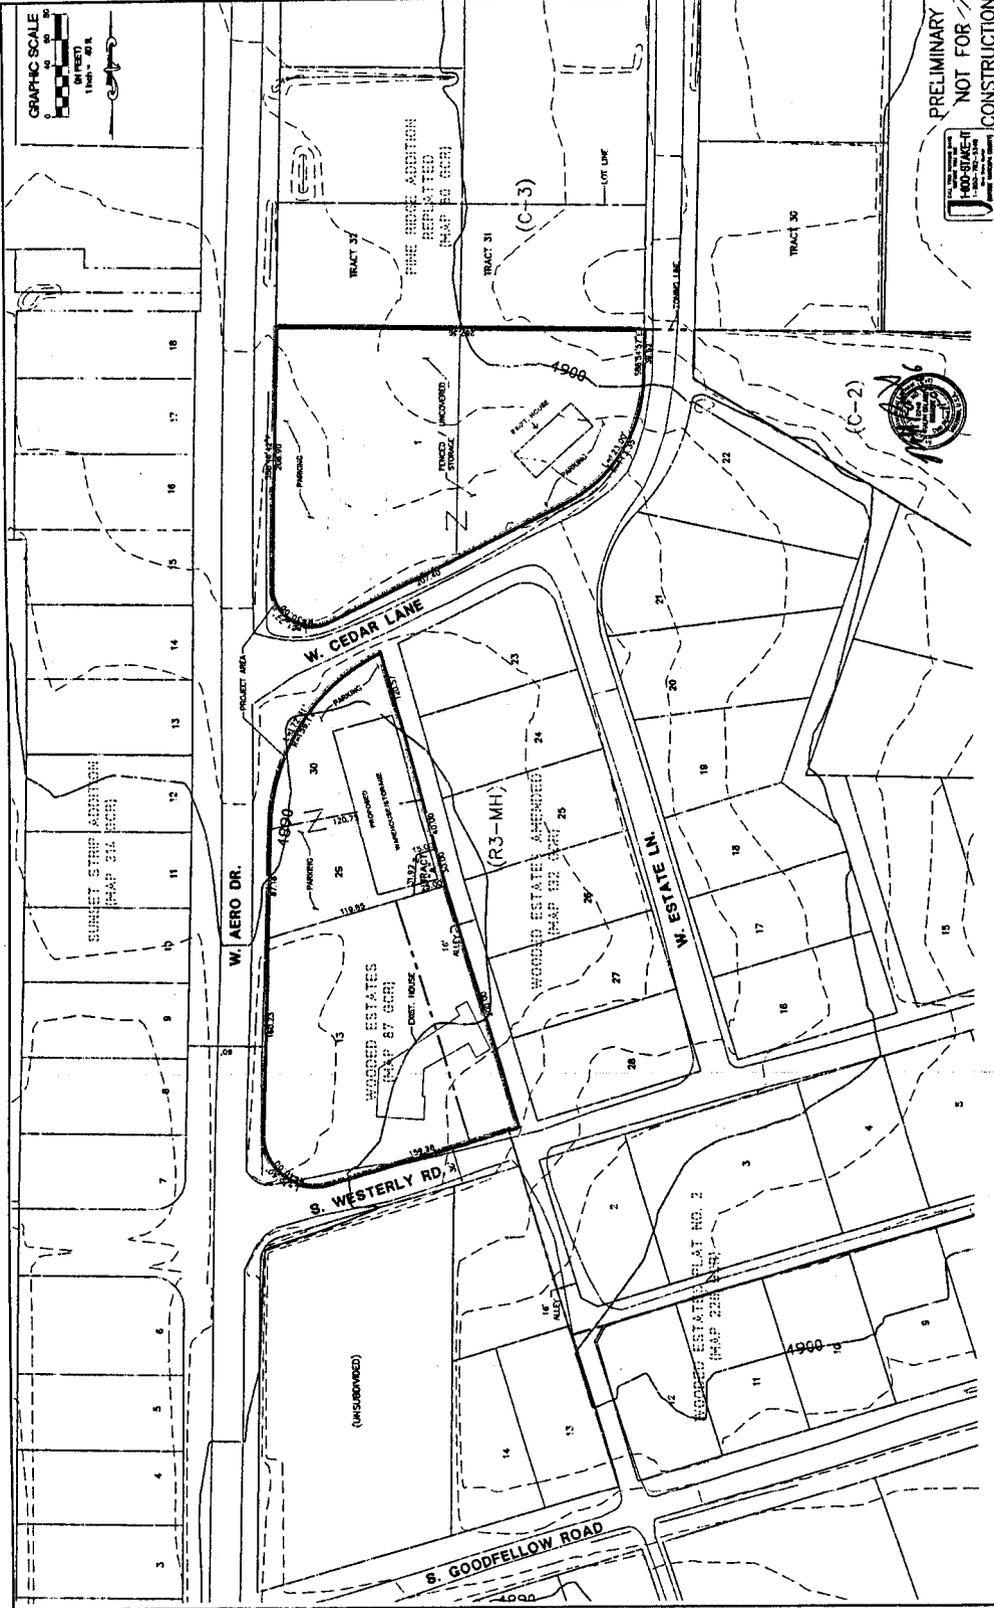

1. Development on the property shall be in conformance with the site plan as submitted.
2. Any future development on the properties located at 203 W. Aero Drive, 219 W. Aero Drive and 116 W. Cedar Lane shall submit site and development plans to the Planning and Zoning Commission for approval prior to obtaining any building permits.
3. Development at 215 and 217 W. Aero Drive shall provide screening at the south property line adjacent to the residential zoned district in the form of a 6 foot high solid masonry wall.
4. Development at 215 and 217 W. Aero Drive shall be subject to Design Review requirements including, but not limited to: architectural character, a landscape plan, fences and walls, building materials and colors, lighting, parking and pedestrian systems.
5. All vehicular traffic must exit 215 and 217 W. Aero Drive in a forward motion.

Suggested Motion to Approve: If a commissioner agrees with staff, the following could be an appropriate motion:

“I move the Planning & Zoning Commission recommend to the Town Council approval of P-332-06, a request to rezone properties located at 203, 215-219 W. Aero Drive and 116 W. Cedar Lane from R3-MH to C-3 for the purpose of current and future commercial development.”

The meeting was held to inform those citizens and property owners of our request for zone change for the above parcels. After an explanation of what our intentions were we opened the meeting for discussion of questions and/or concerns.

Attached is the sign in sheet of attendees. They were the following:

1. Judy Hegrenes, 300' radius property owner
2. Doug Meadows, 300' radius property owner
3. Marty Meadows, 300' radius property owner
4. Dennis Pierce, applicant
5. Marjorie Pierce, applicant
6. Carol McCauley, GVRA/Main Street Manager

As authorized agent for the other property owners involved we addressed the questions posed.

Judy Hegrenes: Is there a time limit in which an owner must convert to a commercial use once the zone change is approved?

She was told there is not. For example, Bernice Gaskill could continue living in her residence for as long as she wished. However, if the property was sold or the use changed then the new zoning requirements would take effect.

Ms. Hegrenes had been interested in receiving information regarding changing the zoning on her property (117 W. Cedar Lane). Carol McCauley told her she would get that information to her.

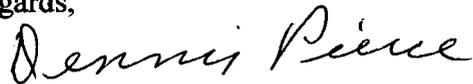

Doug and Marty Meadows: Their concern was mostly that for Bernice Gaskill. They just wanted to feel assured that she would not have to move and that her taxes would not

change if the zone change were to be approved. They were assured that this was the case as stated above.

It is our desire that the Town of Payson proceed with this application. Publication in the local newspaper per statute, will inform the general public affected or interested citizens and property owners of this zone change application.

We are in frequent contact with the GVRA/Main Street Manager in order to keep Community Development Department informed and the process moving. As always, we remain open to discussion on this application at the Town of Payson's, or general public's discretion.
