Notice of Intention to Increase Water Rates

POSSIBLE MOTION

I move to adopt the attached Notice of Intention to increase water rates and direct the Town Clerk to (1) cause such Notice of Intention to be published in the *Payson Roundup* on April 9, 2010, (2) schedule a public hearing on such Notice of Intention on May 6, 2010, and (3) file a copy of the report supporting such Notice of Intention and make the report available to the public.

SUMMARY OF THE BASIS FOR POSSIBLE MOTION:

The Water Department, as part of the Water Rate Analysis and Long-Term Financial Plan (May 2006) prepared by economists.com, desires to increase water rates to the recommended October 2007 level. In order to implement a rate increase, the Town must comply with the requirements of A.R.S. §9-511.01. The first step in this process is for the Council to adopt a Notice of Intention to increase rates. Next, the Clerk must cause such Notice of Intention to be published in the local newspaper (April 9, 2010). The Council must then wait (20 days following publication and 30 days following the Notice of Intention) and conduct a public hearing (May 6, 2010). Finally, at the May 6, 2010 Council Meeting, after having a public hearing, the Council will consider a Resolution to adopt the increased rates. If adopted, such new rates would become effective July 1, 2010, at least 30 days after the passage of the Resolution.

PROS:

This CDR is only procedural in nature.

CONS:

PUBLIC INPUT (if any): This CDR schedules a Public Hearing to be held May 6, 2010.
