EXHIBITS (If Applicable, To Be Attached): CWPP

POSSIBLE MOTION I make a motion to accept the CWPP as presented and authorize the Fire Chief to sign.

SUMMARY OF THE BASIS FOR POSSIBLE MOTION: The Community Wildfire Protection Plan is a document that Gila County generated originally in 2004 and is to be updated regularly. What is before you is an update to this plan. This update does include some broad goals for the area to reduce the risk presented by wildfire. These goals are not commitments but best practice concepts to reduce risks. Federal grants made available through the Forest Service do require a CWPP and one of the last signers on this plan will be the Tonto supervisor.

PROS: Makes grants available to the Town for Fuels Reduction
Provides a plan to reduce our wildfire risk

CONS: Goals could be misunderstood to be binding agreements
