From there, drag and drop the eBook Into your eReader, which should appear on the left under "Devices." Once you've transferred a library eBook, you can read it on your device just like any other eBook.

NOTE: During the transfer process, your eReader will be automatically authorized with the same Adobe ID you used on your computer.
NOTE: If you're using a Sony Reader and it isn't recognized by ADE, you may need to install and use the Sony Reader software to transfer eBooks. the Sony Reader software to transfer eBooks.
